Dear Alex,

Thank you for your answer. I really hope to see you and your family very soon. I'm sure this week will be fantastic!

It is hard to answer your question about me, though. I guess I would like to visit a place where I could gain a whole new experience. You see, living this life at its fullest is a little dream of mine, my priority.

In other words, any place that you know that is not like everything else would be perfect. I don't mind crowded places; it can be a bar, a park, a beach, a pool... Literally anything. I'd love to hang out with you and your friends, learn something new, play a new instrument... I promise to throw my laziness away and do every single thing I can!

About transport: I think hiring bikes would be nice, but unfortunately, I've never ridden a bike before. You will have to teach me that. But if you don't want to, we can use public transport instead. I hope that I could help you with this letter. I can't wait to meet you in person!

See you soon,

Masha
